

Hi Agata,

My name is Awan and I'm your new Penfriend because sadly Tyra left this school but I hope that's okay with you. (:

I am 11 years old and I am a girl, I have brown hair and brown eyes and I have glasses. My family is based of my mom, dad, my two sisters and me I also have to cats. I really like to be with my friends, to draw, just eat food and I love to watch Riverdale.

My favorite animals are Dogs, Cats and Elephants and yes I love Pizza but I also love Chocolate and Candy. I like to dance but not so much.

Last week we had Easter break and on the Easter break I went to my summer house and it was super fun. I went to a Zoo here in Sweden that is called Kolmården and it was so fun. When I was there I saw Elephants, Tigers, Rhinos, Zebras, Bears and alot more animals. In kolmården there is an rollercoaster that is called Wildfire and it is so fun and cool.

The best day in my life must be when I got my two cats Cookie and Oreo. It was so exciting because I really wanted to have a pet and then I got two cats and I was so so happy. So that must be the best day of my life.

What did you do on Easter break?

Do you watch riverdale?

Do you like Chocolate?

What is the best day of your life?

Do you like to draw?

From your new Penfriend Awan!

I went to Bjursås to go skiing with my family Bjursås is a place here in Sweden that you can go to if you want to ski or paddle canoes but I just went to Bjursås for skiing. I also went on ice because the water where you are supposed to paddle on was frozen.

- Do you like skiing
- Do you have a PS4 or XBOX and if you do what do you play

Dear Norbert sorry to hear about your rabbit and i hope you get a dog one day. This easter i went to vällnora it was very warm and nice but then i decided to go swimming in the lake big mistake. it was freezing i jumped out wrapped myself in towels drank a cup of tea the very next day i went to skansen which is a zoo i saw all kinds of animals including elks,pigs,boars,lynxes,wolfs,seals and bears! When we went home we ate lamb for dinner eating lamb for easter is a swedish tradition.

next day it was my brothers birthday he was super happy and for his birthday we decided to go to gröna lund.

Gröna lund is an amussmentpark with tons of rides the first ride we went on was called fritt fall which is basically going up slowly then dropping down really fast it's terrifying after that experience we went to lustiga huset it's a house full of illusions inside there is a room the makes you feel disoriented i could barely walk after that. I went home thinking to myself i had an amazing day.

Hello Ola,

On the easter break I was competing in a horseback riding competition, it went very well. And I the same day I also were on a easter dinner at my moms mom and moms dad. The day after we (my mom, me and my moms dad) picked up my new bike, then moms dad drove us to the airport and we went to Blekinge, Ronneby, to my dad's mom and dad, my cousins. But my brother and my dad was already there because they got there 4 days before and we celebrated easter there also, with easter eggs and easter food. When we (My dad, mom and brother) was in Blekinge, Ronneby my mom's dad and mom lived in our house and took care of our cat, Sally. On the Monday 1-2 days after we went home but we didn't go with the plane, we drove back to Stockholm it took 5-7 hours.

What did you do on the easter break?

My favorite day that I can think of now is the last Saturday when I also competed in a horseback riding competition, it went much better I am very proud.

Best Regards Julie

Dear Polish Penfriend,

**My name is Saga and got no reply to my last letter, so i'm going to try again :-)**

I have an assignment to tell you about an amazing day I had. So i'm going to tell you about last summer when we were on our summer holiday. Me, my two sisters, my brother, my mom and my "extra dad" were going to a amusement park called *Liseberg*. **(if you want to see some of the rides there you can search 'Liseberg rides')**

I went on most of the rides there and a few were really scary. One of the most scary ones were a free fall, called *AtmosFear*, that went even higher than some towers next to *Liseberg*.

**This is AtmosFear (the black, round thing that is almost at the top is where you sit)**

I went with my oldest sister and she almost wasn't scared at all, me however were closing my eyes on the way up and only opened them at the very top :))

**I now look forward to hearing from whoever gets this! Do widzenia (I think that's goodbye in Polish but I'm not sure)**

## Dear polish pen friend

Dear pen friend I haven't got an letter from you yet. But it doesn't matter, under east break I had fun. I was home with my family and I played a lot of video games. Here in Sweden we celebrate easter because jesus died and was revived. But I wasn't only home playing video games the whole easter break, I went to the cinema and watched captain marvel. It is currently my favorite movie. I went with my best friend named Daison, after the cinema I went home and played fortnite. I am currently tair 100 in season 8.

I'm not so good at writing so if you don't understand what i write it is okay. I was mostly home in the easter but I went to visit my grandma and grampa. I got a easter egg with a lot of candy in it. My little brother loves candy and so does my sister to. Every in my class wants me to describe my bedroom so I will do it.

In my bedroom I have a bench and a TV on it with two chairs in front of it. Behind my chairs i have a bed.

**How does your bedroom look like?**

**Can you describe yourself?**

**Do you have fortnite if you do what's your epic games?**

Have a nice day and i hope i will hear from you.=)

Stefano

**Hello Gabrysa,**

**I will write about a day in my Easter break. I think the best day of the break was the Easter day itself. Do you celebrate the Easter day or the day before, because in Sweden nearly all of the people celebrate the day before Easter. Anyway on the Easter day in the morning we went to the church and was at the mass. Then we rushed home because a friend's family was coming soon.**

**The family we invited was really big, they are nine people in their family! There is their mum, called Mandisa, there is their dad called Oscar, the biggest girl (15 years) called Maja, the second girl (13 years) called Olivia and I usually stay with her, the third girl (10 years) called Augusta, the fourth girl (8 years) called Emily, the fifth is a boy (6 or 5 years) called Alfred, the sixth is also a boy (3 years) called William and the last is a boy (10 or 11 months old) called Noa. They are a really big family like I said before but also really nice. They are half Swedish and half from Trinidad and Tobago.**

**We ate many starters so when the lasagna came I was nearly full already. I ate some but then kept some place for the chocolate and the candy. Then our mum hid the candy in the garden that she had prepared for us and we all (except Maja) looked for them. Mine was under a chair-pillow. After we played a board game called Ticket To Ride while we ate our candy. It was a really good and nice day.**

**How did you celebrate your Easter?**

**I don't know why but I want to talk about my friends. My Best Friends are called Alicia, Awan, Aurelie and Rosalia. We are kind of a group that always stay together. We come from all different countries. I am from Italy, Alicia is half from Iran and half from Sweden, Awan is half from Hungary and half from Egypt, Aurelie is from Great Britain and Rosalia is half from Germany and half from Australia. I really like that. There was a girl that began hanging with us but after awhile she went with the other girls that are only from Sweden. I think I know why. We are different and with more energy, but the Swedish ones are more calm. Anyway these are my Best Friends.**

**How are your Best Friends?**

**Best regards,  
Linnea**
